**DISCLAIMER:** Title V, of Public Law 100-656 requires that Federal agencies make available its procurements forecast. The forecast is not intended to be all-inclusive. The forecast is one of many tools available to businesses, in particular, small businesses seeking to conduct business with the federal government. All projected procurements are subject to revision or cancellation. Final decisions on the extent of competition, small business participation, estimate value, or any value, or any aspect of the procurement action will not be made until each procurement is initiated. The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products or services. Actual solicitation notices will be posted on FedBizOpps.gov (i.e. Federal Business Opportunities) as prescribed by the Federal Acquisition Regulation.
